

NDA A Compliance Statement

KBC Networks Limited hereby certifies that all products manufactured to date are fully compliant with the John S. McCain National Defense Authorization Act (NDA A) 2019, Section 889.

Our products do not contain any "telecommunications equipment or services" banned by the NDA A, nor do they incorporate any critical technologies or components, including System on Chips (SoCs), from vendors prohibited under the NDA A.

KBC Networks is committed to maintaining compliance with all applicable U.S. regulations and to ensuring that our products are suitable for use by federal agencies, contractors, and any organizations that must adhere to NDA A guidelines.
